

# How to Select Your Primary Care Provider

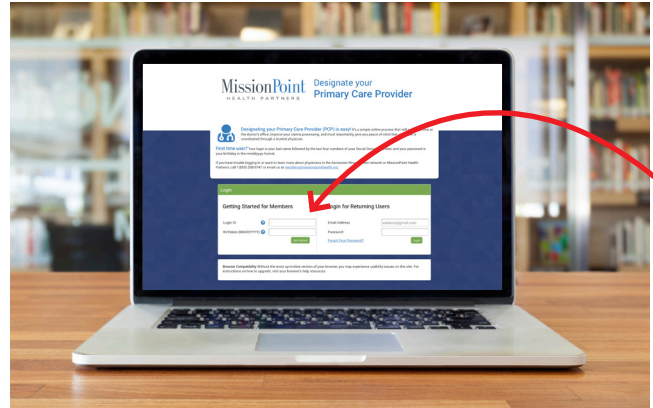

ONCE YOU RECEIVE YOUR INSURANCE CARD, it's time to choose a Primary Care Provider, or PCP. Here's how:

## 1 Log in to the Marketplace

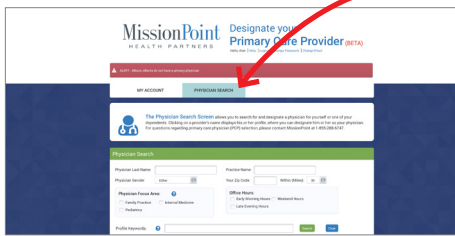

Visit the MissionPoint Provider Marketplace at [marketplace.missionpointhealth.org](http://marketplace.missionpointhealth.org) and log in.

**Login ID:** Your last name followed by the last four numbers of your Social Security number.

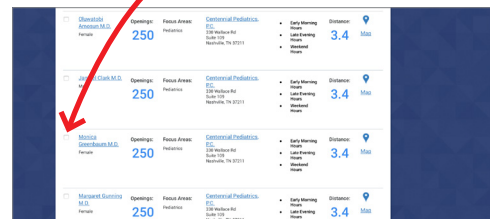

**Password:** Your birthdate in the MMDDYYYY format.

## 2 Search for a PCP

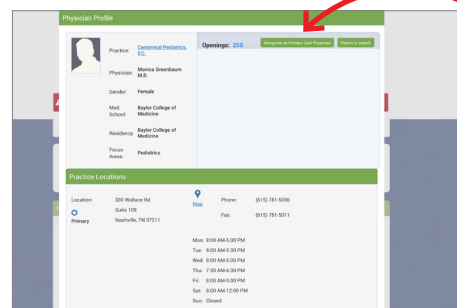

Click on the "Physician Search" tab at the top of the page. Search by physician or practice name, locations or zip code.

Click on the desired provider's name.

## 3 Designate Your PCP

Once you've selected a provider, click on "Designate As Primary Care Physician." Select the family member who will receive care from that physician, and repeat for any additional family members.

## 4 Keep Your Designation Current

Have you or a family member changed PCPs? Don't forget to designate new PCPs using steps 1-3! Keeping your PCP updated helps claims processing.

If you plan to see a Primary Care Provider outside of the MissionPoint Network, please visit the Marketplace and select "Non-MissionPoint Physician" on the Member Account screen.
